Sir:

An Information Disclosure Statement with a Form PTO-1449 was filed in the above-identified patent application on April 19, 2006. Applicants received the noted PTO-1449 from the Examiner with a consideration date of June 21, 2007. However, the reference US-2005-0037614 A1 was not initialed. It appears that the failure to include an initial appears to have been inadvertent. Therefore, applicants request that the examiner initial the noted reference and return the attached copy of the PTO-1449.

Should there be any questions concerning this communication, please telephone the undersigned at the number set forth below.

Respectfully submitted,
